Florence, KY 41042

Date April 14, 2008

Sajjad Quabili, Reviewer

SOURCE ID:	21-015-00011
AGENCY INTEREST:	209
ACTIVITY:	APE20070001

SOURCE DESCRIPTION:

Lingo Manufacturing Company, located in Boone County manufactures custom specialty metal shelving for display products. The process consists of two automatic spray booths, one manual spray booth, one baking oven and welding machines. Boone County is classified a non-attainment area for Ozone.

A permit application from Lingo Manufacturing Company was received by the Permit Review Branch on November 5, 2007. Lingo applied to the Division to renew their Conditional Major permit (F-03-005). The source is potentially a major for VOC and HAP emissions.

PUBLIC AND U.S. EPA REVIEW:

On February 27, 2008, the public notice on availability of the draft permit and supporting material for comments by persons affected by the plant was published in *The Florence Boone County Recorder* in Florence, Kentucky. In addition, notification of the issuance of the draft permit was sent to the U.S. EPA on February 27, 2008 via e-mail. The public comment period expired 30 days from the date of publication. No comments were received during this period. The permit is now being issued final.
